After completing the SQA Specimen Question Paper (exam) or any past paper questions, ensure that you look at the marking instructions as these often contain course content and they will help you to improve your exam technique. National 5 Question Papers differ from past papers. Ensure that you familiarise yourself with the Specimen Paper: this is what your exam will look like.

Past Papers

SQA past paper questions are listed and organised by topic with guidance: www.sqa.org.uk/files_ccc/GermanSQPN5PPGuidance.pdf
You will see that the questions identified require to be amended in style, structure, context or source, so although you can use these for revision, you should be prepared for questions like the ones in the Specimen Papers. The left hand column from page 2 of this guidance sets out clearly what is expected in your exam. Past paper questions, which require some wording to be changed to make them appropriate for National 5, can be found at www.sqa.org.uk/files_ccc/GermanSQPN5PPGuidance.pdf
